SUMMARY

Senior Software Engineer with 5 years of experience delivering scalable SaaS, ERP, POS, web, and mobile applications. Full stack expertise across Laravel, PHP, React.js, Next.js, React Native, FastAPI, .NET Core, REST APIs, and relational databases. Experienced in modular architecture, RBAC, hardware integrations, bulk data processing, automated testing, database optimization, and cloud deployments.

WORK HISTORY

Senior Software Engineer

Doodle N Dash

June 2026 – Present Karachi, Pakistan

- Develop Laravel-based enterprise platforms, including multi-branch restaurant POS systems and manufacturing ERP solutions.
- Enhanced checkout, split billing, KOT, coupon, staff shift, branch target, and operational reporting workflows.
- Engineered API-driven printing for receipts, KOTs, and labels using ESC/POS and TCP/IP communication.
- Designed ERP modules with Repository Pattern, service layers, reusable CRUD components, migrations, and multi-level BOM workflows.
- Agentic workflows with Codex, Cursor, Claude, and ChatGPT for planning, documentating, , implementation, debugging, refactoring, and tests.

Senior Software Engineer

UrApp Technologies

Apr 2025 – June 2026 Karachi, Pakistan

- Delivered web and mobile applications using React.js, React Native, FastAPI, Laravel, and .NET Core.
- Built SSR-based SaaS platforms with Next.js, Laravel, secure REST APIs, and SQL-backed services.
- Developed reusable UI components, responsive dashboards, maintainable state flows, and performance improvements using SSR and lazy loading.
- Applied AI-assisted and agentic workflows with Codex, Lovable, and ChatGPT for implementation, debugging, refactoring, and tests.

Senior Software Engineer

DevTier

Mar 2025 – Sep 2025 Dallas, TX (Contract, Remote)

- Developed scalable React.js and Laravel SaaS applications with role-based dashboards and reusable components.
- Resolved frontend performance, UI, and production issues across cloud-hosted environments.
- Collaborated with distributed cross-functional teams across multiple time zones using agile workflows.

Full Stack Developer

OSSOLS Pvt Ltd

Jun 2023 – Jul 2025 Karachi, Pakistan
